Bryan P. Schultz,
Secretary

July 14, 2016

Mr. Mitch Mrsny,

My name is Bryan Schultz and I am the Secretary of the South Denver Lodge # 93 Temple Association.

I had the distinct pleasure of contacting your company, Mile High Seamless Gutters, to request a bid for work on our building.

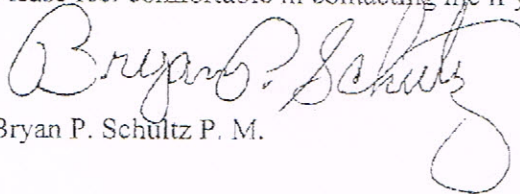

Starting from the initial phone call to request an estimate, speaking with Brenda, your employees showed the utmost courtesy and professionalism. When Grey Adams showed up to inspect and gather the necessary data for the estimate, he was very personable, professional, and polite.

The entire acceptance of the estimate took almost a month on our part, as the Association had to do our "due diligence", however, we made the best decision in choosing to accept your company's estimate.

The work began on Wednesday July 13, 2016 and continued to Thursday, July 14th as the project was logistically challenging. The crew members who worked on this project were Kyle, Rob, David, Jose, Jered, Wayne, Cam and Omar. Each of these men were professional and all worked together well. Their comradery, and teamwork were exemplary and professional. They were all task oriented and from set-up to clean-up they showed a professionalism that I have rarely come across. Each of these men worked diligently and gave the task their best. None would accept sloppy or incomplete or inadequate work. I feel each of these men are to be commended for a job professionally well done. They are an asset to your business. Please take the time to let each of them know how truly valued they are to your company.

In conclusion, I would like to say that I will personally recommend "Mile High Seamless Gutters" to everyone who asks. I will let them know that they will not regret hiring "Mile High Seamless Gutters."

Please feel comfortable in contacting me if you need more information.
